TECHNOLOGY

HIGH SCHOOL

OUR HISTORY

"Who dares to teach must never cease to learn."

-John Cotton Dana

When you enter the doors of Technology High School, you get a glimpse into the history of Kean University.

1913

The structure that now houses Technology High School, designed by architects Guilbert and Betelle, was built shortly after the construction was completed. The Newark Normal School moved into this newly constructed building on Fourth Avenue and Broadway (originally called Bellevue Avenue).

1934

The first graduating class was conferred with Bachelor of Science Degrees in Education in the fields of kindergarten-primary education, elementary education, fine arts, and industrial arts.

1954

Newark State Teachers College purchased 120 acres from the Kean family for its new campus.

1958

Newark State Teachers College held its final convocation in Newark.

1968

The State Department of Education received a grant from the Economic Development Administration to build an addition to the 187 Broadway structure on a share-cost basis to house the school named COED.

1974

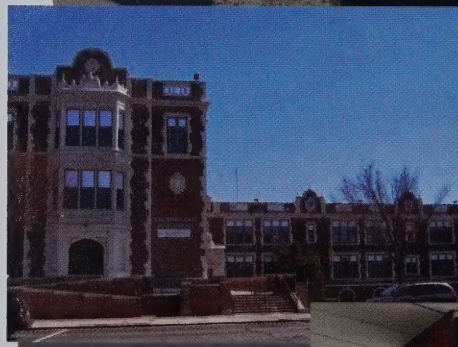

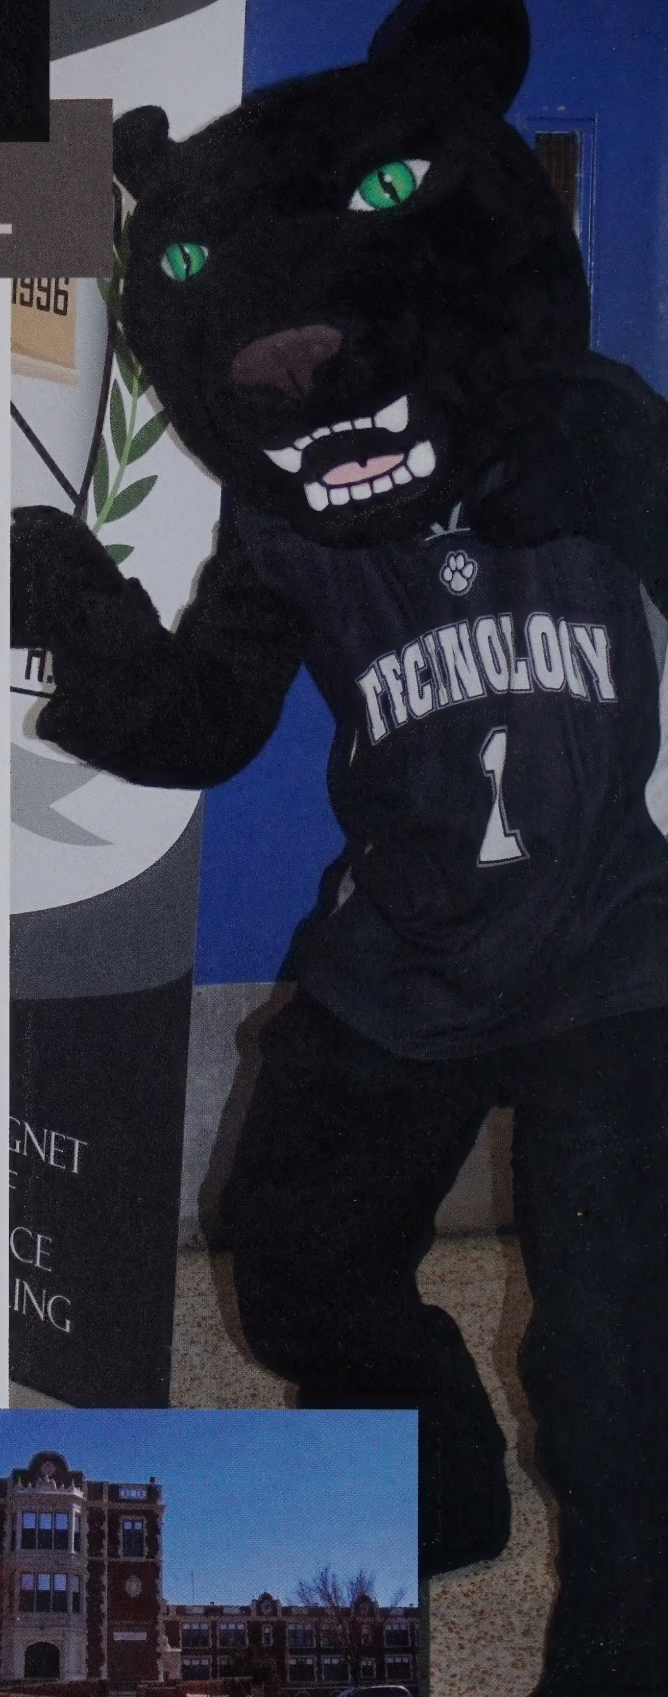

COED opens. COED fashioned its vocational program after the successful program offered to adults by Manpower Inc., in the academic part of what is now Technology High School. COED offered vocational programs, some of which are still available today.

1996

Technology High School opens.

2009

US News & World Report lists Technology High School as one of the best high schools in New Jersey.

Dear Class of 2022,

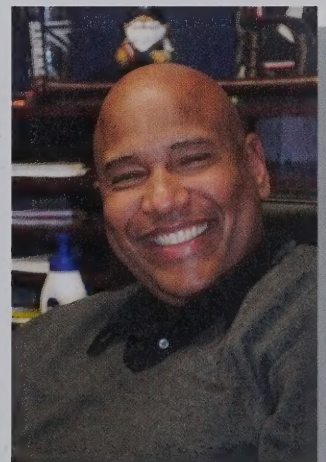

Four years ago, you walked into this institution wide-eyed and excited. You were full of potential. As your principal, I promised to ensure we would do everything humanly possible to provide you with the tools necessary to fulfill your potential. I am proud to say that we have succeeded.

COVID-19 has impacted the lives of every person in the world. Our lives were turned inside out, and high school as we knew it was changed-maybe forever. Due to your strength, passion, and resilience, you rose to the occasion and persevered. You did not let a pandemic alter your path to graduation, and you are to be commended for that.

This is a great moment in your life. You have achieved something that, unfortunately, many people do not. So my sincere advice is that you take every opportunity you have to improve. Improve the quality of life not only for yourselves, but also for your families. There will be many challenges to come, but be strong and persevere. When opportunity knocks, break-down the door and make the best of it. Inspire others. Be a leader. Be a lifelong learner, and be a good person above everything else.

It has been my privilege to serve you and your families. I hope I have been worthy of your trust in me as your principal.

YEARBOOK CLUB

George Bradshaw, Jean Skillern, Helen Jaramillo, Min-Yan Jiang, Karen Palaguachi, Eunice Kong, Esmeralda Ignacio, & Alanis Rodriguez

The yearbook club would like to thank Ms Randolph and the photography club for providing so many pictures and support for the yearbook. This would be an empty notebook without them.
